

SUICIDE AWARENESS AND PREVENTION

A Guide for Parents, Staff, and Youth

- Suicide is the second leading cause of death in youth ages 10-24.
- Each day in our nation, there are an average of over 3,703 suicide attempts by young people grades 9-12. If these percentages are additionally applied to grades 7 & 8, the numbers would be higher.
- Four out of five teens who attempt suicide have given clear warning signs.

KNOW THE SIGNS

What might I See?

- Posting on social media about death
- Withdrawing from friends and family
- Starting/increase of substance abuse
- Acting anxious or agitated
- Reckless behavior
- Showing rage
- Extreme mood swings
- Sleeping too much or too little
- Visiting people to say a form of goodbye
- Returning borrowed items/giving away possessions

What might I hear?

- Talk about killing oneself
- Idolizing people who have died by suicide
- Having no reason to live
- Being a burden
- Feeling trapped
- Talking about seeking revenge
- A need to escape
- Statements like: I don't deserve to live, I suck. My family would be better off without me. I won't be a problem for you much longer

What stressful life situations might be occurring?

- Abuse
- Suicide experience (know someone who has died by suicide or previous suicide behavior)
- Life changes (Divorce, housing, etc.)
- Loss (of loved one/pet, relationship, etc.)
- Rejection

What might I sense?

- Something is not okay (trust your gut instincts)
- Unbearable pain
- Relief or sudden improvement in mood
- Shame
- Overwhelmed with no hope for improvement
- Feeling unaccepted

While this is a helpful list of common signs, it is not complete and youth may show other warning signs.

WHAT TO DO

Start a conversation, express concern

Listen and validate feelings, be nonjudgmental

Don't keep it a secret, don't promise secrecy

Don't leave them alone

Get Help
