Yoga, taking the time to enjoy the peace of nature and outdoors, not worrying about a daily routine

I’d like to take away peace, understanding and ways to work on my healing in this lifelong journey.

Yoga, relaxing quiet time, I love painting and pottery, I would be open to try various activities

Hopefully I come away with less anxiety about attending an event like this 😊!

Feel free to meet people and hear their stories. Enjoy fresh air and relax.

Relationships with others who have experienced a loss like ours.

Time with other survivors, self restoration, different workshops

Focus on me, some clarity, and just relax

Helpful techniques to share with others

Love, understanding, and friendships.

Unload my guilt.

*Working Agenda*
Tell us something that you loved about the retreat.

I love the sincerity of the staff. They were very involved.

I loved everything especially the bed.

Everything but especially the making of the wind chime and the Remembrance Ceremony. I also loved the art project with Tony.

I am so grateful I was able to participate. It was a wonderful opportunity to connect with my emotional self.

I enjoyed the entire retreat. Everyone was friendly, thoughtful, respectful and inviting. It was very well organized down to the smallest details. I appreciate everything Candice, Kathy and Teri did to facilitate the Retreat. I had a very positive experience. I especially enjoyed the art project and the thoughtfulness of adding our loved ones to the wind-chime.

I really enjoyed meeting new people and also getting to know those I already knew a little better. It was a wonderful experience-Thank you!!

I loved everything about it. I am grateful for the time and effort you all put into it. It was perfect and everyone there was great. Thank you.

I loved getting to know the individuals that attended. It really felt like everyone was welcoming and that everyone is on a healing journey and we are not alone. This was something well out of my comfort zone but I’m so glad I did This and got to be a part of this journey to healing.

Having the opportunity of painting my picture!!! What a surprise for me!!!
